

Exterior Door systems you can *trust*

FIBERGLASS IMPACT CATALOG VOLUME 7

BHIDoors
BY BUILDERS HARDWARE, INC.

bhiflorida.com

*Quality components
create the total package.*

BHI Doors is a collection of best-in-class components – doors, doorglass, frames, astragals, weather stripping, thresholds, locksets, and hardware—to create entry systems with enduring good looks and superior performance.

The majority of our systems are tested to the HVHZ (High Velocity Hurricane Zone) standards, the most stringent hurricane codes ANYWHERE in the US. Almost all of the BHI Door systems meet the minimum Florida Energy code.

Great craftsmanship, beautiful glass patterns, a wide range of finish and hardware options, superior construction, and energy-saving features all come together in a wide range of entry systems that enhance the value of your home and add beauty to everyday living.

All components are backed by the manufacturer's warranty.
All door systems are sold unfinished.

Component Brands in the BHI System

ODL® DOORGLASS

Add beauty to and increase the perceived value of your home with ODL's innovative line of doorglass options.

PLASTPRO® FIBERGLASS DOORS

Exceptional durability, energy benefits, soundproofing, fire rating and structural performance.

KENYON'S® CUSTOM GLASS

Custom glass for doors, sidelights, windows and transoms.

PF FRAMES™

Plastpro's PF (rigid poyfiber formulation) Frames guarantee a long-lasting, rot-free entryway that will maintain its integrity today, tomorrow, and for many years to come.

WINDSERT™ VENTILATING DOORS

Let in the breeze without compromising security with an operational window insert/door combo with a security screen.

Q-LON® / SEALMAX® WEATHER STRIPPING

Weather stripping is an integral part of keeping in the cool air and keeping out the bugs, as well as supporting better energy efficiency.

VETRILITE® OVERLAY ART LAMINATE

Patent pending premium overlay art glass laminate.

TRILENNIUM™ MULTI-POINT LOCKS

Add Trilennium locks to create the ultimate fiberglass door security system. Multiple latches and bolts prevent forced entry and create additional weather sealing.

YALE® RESIDENTIAL LOCKSETS

Combining years of engineering refinement with fine craftsmanship, Yale's collections of locksets offer superior functionality, easy installation, and secure performance.

BHI HINGES

A quality hinge requires attention to all details, inside and out. Our hinges are specially designed for high-performance and tested for long lasting endurance in the Florida environment.

DLP THRESHOLDS & ASTRAGALS

We believe that your home is your safe haven. For additional security and weather protection our systems use DLP thresholds and astragals.

ETCHED GLASS CUSTOM NATURE SERIES

Unique line of doorglass inserts styled for Florida living. Etched glass displays traditional sandblasting.

NOVATECH STEEL DOORS

Advanced manufacturing techniques, modern designs, and pre-finished options. Offering a steel door that is affordable, stylish, and available with pre-finished colors.

BHI Doors Commitment

All products featured are in stock (unless marked special order).

All products are Florida Building Code Compliant, Hurricane Structural Rated + Impact Rated, and also meet the 2017 Energy Codes unless marked otherwise.

BHI Doors continues a commitment to service excellence as we bring enduring beauty and value to exterior doors throughout Florida. – established in 1954.

Made in USA!

The majority of our system components are manufactured in the USA.

FLAT PROFILE

ALL DOOR SYSTEMS ARE SOLD UNFINISHED.
DRS = SMOOTH SKIN DRG = WOODGRAIN TEXTURED
FOR PRE-HUNG UNIT DIMENSIONS SEE PAGE 83.

Impact units have structural ratings and may be used in the HVHZ and/or WBD impact zones without shutters required.

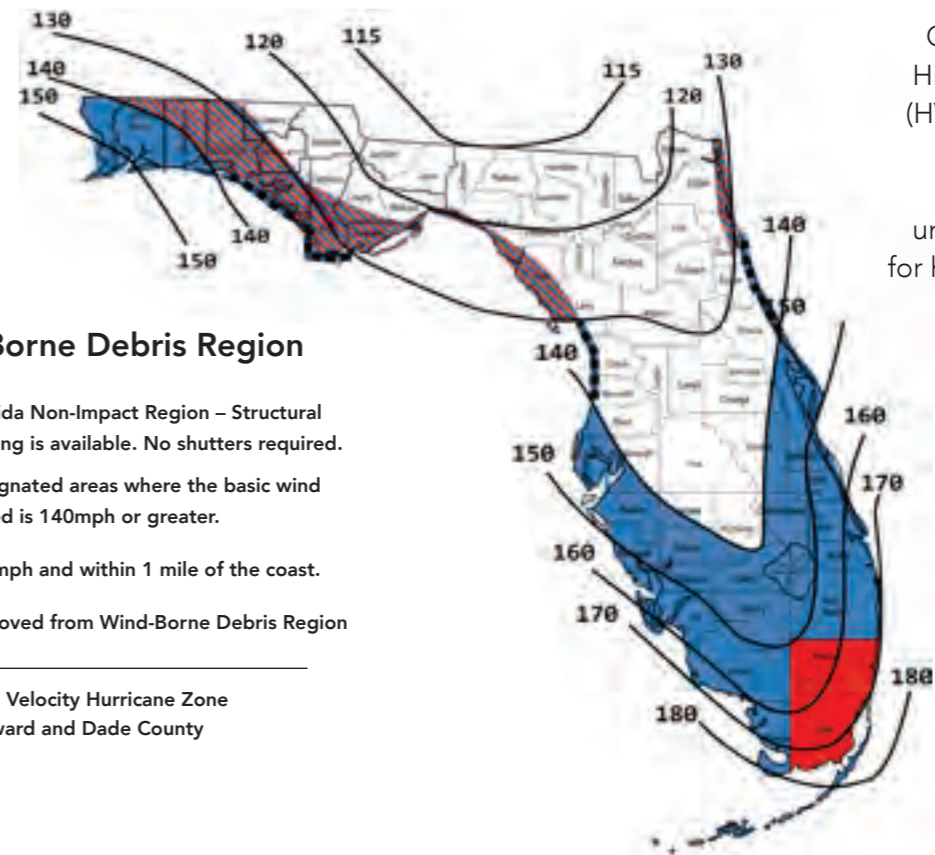

See impact testing video.

For code approvals and specific design pressure ratings, please see pages 84-87.

Some doors are approved for HVHZ for in-swing application but may have overhang requirements. Some systems with very high design pressure ratings may require surface bolts.

BHI does not warrant the suitability of any product for any specific use.

Our expertise in Florida and High Velocity Hurricane Zone (HVHZ) building codes means you can trust **BHI Doors** systems to comply with the unique requirements needed for hurricane code compliance.

Energy Code Compliance

BHI and its suppliers of major fenestration components have made it a joint effort to focus on compliance with the newly implemented 2017 Florida Building Code - 5th Edition Energy Conservation.

Groups of products that meet the minimum energy standards for both solar heat gain coefficient (SHGC) and U-Factor in both climate zones will display this logo at the top of the page.

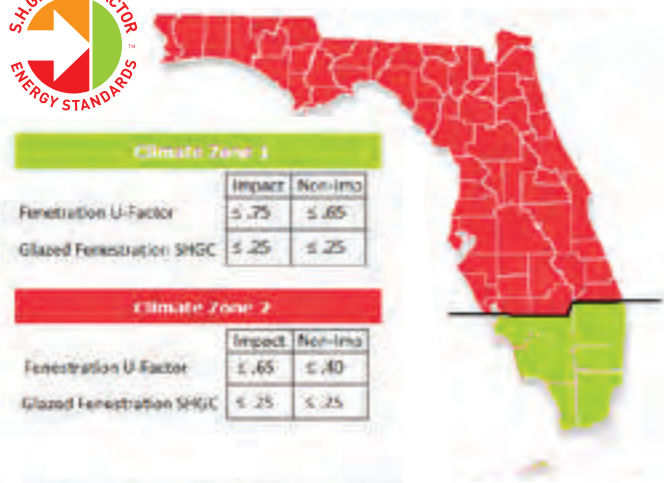

DRS00 686/687/624GBG 10L SLS00 694GBG 5L DRS00 686/687/624GBG 10L SLS00 694GBG 5L

Products that DO NOT meet the minimum Energy standards will display this logo.

FULL LIGHT REQUIRES LOW-E TO MEET MINIMUM ENERGY STANDARDS

2017 Florida Energy Efficiency Requirements

There are also exemptions for products that DO NOT meet the energy standards.

The Prescriptive method of compliance allows one glazed fenestration per dwelling unit of up to 15 square feet “of glazed fenestration” to be exempt from the U-factor and SHGC requirements R402.1.(1), and also one side hinged opaque door assembly up to 24 square feet to be exempt from U-factors (Section R402.1.(3 & .4)). If using this exemption, doors bearing this mark may be used as single door units. Other exemptions for doors bearing this mark can apply when using whole house energy engineering compliance method.

BHI does not warrant the suitability of any product for any specific use.

Label Compliance

BHI doors that meet the Energy Standards will have at least 2 Energy Performance labels.

- One permanent label attached to the hinge side of the door slab.
- One temporary label which will be attached to the face of the door.

Labels will have specific certified products directory (CPD) numbers listed. These are the numbers listed in the certified products directory of the National Fenestration Rating Council (NFRC). The CPD numbers listed under BHI are also listed with our third-party quality assurance provider, National Accreditation Management Institute (NAMI) for thermal quality assurance compliance.

Structural Certification Label:

Builders Hardware inc.
Plastpro/Nanya Plastic FL# 15210.4
MANUFACTURE STIPULATES CONFORMANCE TO:
TAS 201,202,203 - ASTM E48 NOA 17-0712.05/16-0314.11
DP RATING +75-75 PSF 1/8", 1/2", 1" GLAZED UNIT IN/OUT
MAX TEST SIZE 3/0 X 6/8 X
FL CERT # 1773 ANSI # 0651

Specific Labels are used when exact design pressure ratings are required for specific size door configurations, within our test matrix qualifications. Structural Certification Labels are created for specific units with specific stipulations to conform in different zones within the state.

BHI and its suppliers of major components are Energy Star Partners. Energy Star Certified products are available upon request.

SOLD SEPARATELY
or as a
PREHUNG SYSTEM!

Etched Glass

Through the artistry of Julian and Karin Mesa, **BHI Doors** offers a unique line of doorglass inserts styled for Florida living. Enhance your door opening with a beautiful etched design. Etched glass displays traditional sandblasting.

- All designs are etched on Low-E glass.
- Designs are sandblasted on the interior side of a doorglass insert.
- All image views are from the OUTSIDE, looking in. All images are standard (STD) view unless specified as reverse (REV).
- Custom Designs and optional sizes available. Memorial, landscape, portrait and pet designs. You imagine it...we create it.
- Available as 6/8 DRS00/DRG00 or 8/0 DRS0080/DRG0080

FULL LIGHT REQUIRES LOW-E TO MEET MINIMUM ENERGY STANDARDS (SPECIAL ORDER).

Ventilating Doors

This product by DLP Industries is an operational window insert/door combo. When the window is open, fresh air is introduced into the home, eliminating the need for a screen door.

- Perfect for beach side residential dwellings
- Excellent for condominium doors, patio doors, cabana bath doors, and side garage doors
- Replaces old jalousie style doors
- Comes with standard screen
- Manufactured in Florida

Sizes & Glass Options

The Windsert Door System is available in many different glass options. See chart below for availability.

HARDWARE & COMPONENTS HINGES

BHI Hinges

Hinges are an integral part of the **BHI Door** System. We incorporate the best-in-class hinge components.

- Each hinge leaf and pin is nickel-plated to protect from corrosion
- An epoxy-resin coating is applied for long-lasting durability
- Prior to final assembly, the pins are lubricated to reduce friction

DIGITAL DOOR VIEWER AYRDDD

LOCKSETS

Yale Residential Securities offers a complete range of lockset styles and finishes perfectly suited to complete your **BHI Doors** exterior system.

Combining years of engineering refinement with fine craftsmanship, Yale continues the high standards set forth by Linus Yale in the mid-19th century. Three collections of locksets offer superior functionality, easy installation, and secure performance. All Yale locksets are backed by a lifetime limited finish and mechanical warranty.

Keyless entry made easy.

This keyless entry can be used as a stand alone lock or as part of a wireless home control system.

Yale Real Living Deluxe Digital Door Viewer.

See how easy it is to see who is at your door. It's simple to install and you'll be getting a better view of who is at your door.

TRILENNIUM™ Multi-Point Locking System

TRILENNIUM™ Multi-Point Locking System

SECURITY. STRENGTH. RELIABILITY. PERFORMANCE.

SECURITY. STRENGTH. RELIABILITY. PERFORMANCE.

ENDURA HANDLES

EMTEK HANDLES

Unmatched protection doesn't have to mean compromised style. Trilennium offers a growing portfolio of attractive handset designs that features one solid unit with three latches based on the strength of patented I-Beam construction for reliable, proven strength and performance. Operating as one unit, all three latches engage when the door is closed. With one movement of the thumbturn or key activates all three deadbolts. Each latch is a deadbolt and adds high-performance security.

Trilennium brings interesting, well made hardware back into American homes. All hardware is available for entry, patio and dummy functions.

- All **BHI Door** units use stainless steel mechanisms and strikes
- Patented Strike Rollers and latches draw the door panel into perfect alignment with the jamb for a tight seal with no deflection
- A single downward turn of the interior handle releases all three deadbolts makes this panic proof
- Keying available
- Manufactured in the USA

(JOB QUANTITY ORDERS ONLY)

OAK GRAIN

BHI Doors uses the best composite door frames available, these PF (Poly Fiber) door frames have a closed cellular structure which ensures doorframe and molding will not absorb or wick moisture, prevents warping, rotting, and splitting. Rigid poly-fiber formulation eliminates the need for an aluminum support channel for structural stability.

- Easily machined just like wood frames
- PF (Poly Fiber) has twice the screw-holding power of traditional wood doorframes
- Various lengths and sizes such as 6/8, 7/0 & 8/0
- 20-minute fire-rated

* 6/6 2/10 units. All Pre-hung dimensions are based on using Poly Fiber Composite & Wood door frames. Undersized available for replacing sliding glass doors. Undersize units are available.

PRE-HUNG DIMENSIONS FOR SINGLE DOOR & HINGED SIDELIGHTS (COMBO)			
UNITS IN PF OR WOOD FRAMES – DOOR & SIDELIGHT COMBO			
DOOR & SIDELIGHT WIDTHS	3/0 SINGLE DOOR W/ 1-12" SIDELIGHTS	3/0 SINGLE DOOR W/ 1-14" SIDELIGHTS	3/0 SINGLE DOOR W/ 1-2/0 SIDELIGHTS
UNIT WIDTH	50-1/4"	52-1/4"	62"
Unit Height - 6/8 Inswing	82"	82"	82"
Unit Height - 6/8 Outswing	80-5/8"	80-5/8"	80-5/8"
Unit Height - 8/0 Inswing	98"	98"	98"
Unit Height - 8/0 Outswing	96-5/8"	96-5/8"	96-5/8"

All Pre-hung dimensions are based on using Poly Fiber Composite & Wood door frames. Undersized available for replacing sliding glass doors. Undersize units are available.

Caution: When doors with sidelights are used together (except for doors using hinged sidelights) in many cases, a 2x4 is required to be installed between the door and sidelight frames to meet the requirements of test approvals. This will effect the overall sizing of the opening for pre-hung units.

COMBO; pre-hung door with a hinged sidelight.

A hinged sidelight makes moving furniture through your front doorway much easier!

SPECIAL SIZE SIDELIGHT AND TRANSOMS

DIRECT SET SIDELIGHT GLASS;
 8" up to 37.5" wide, and up to 97.75" height

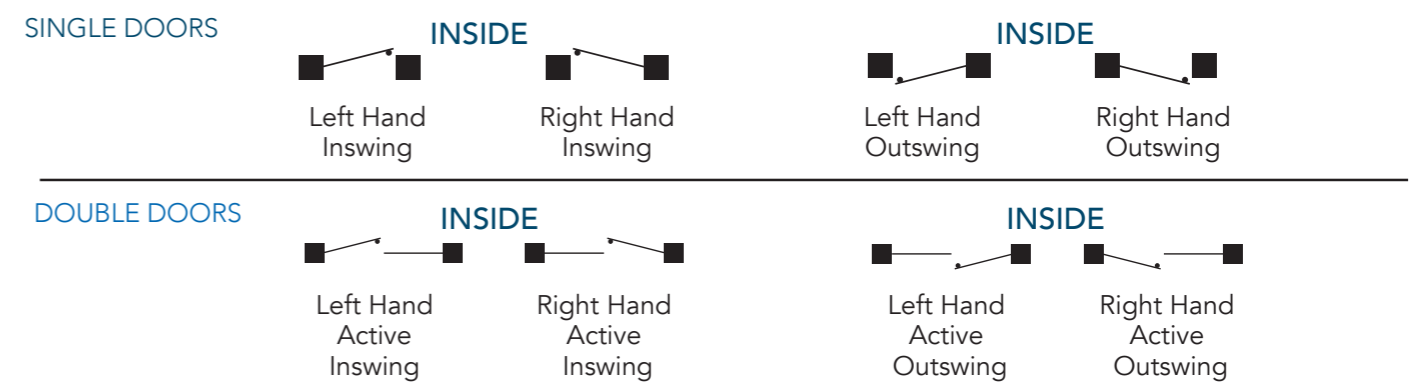

TRANSOMS;
 Max size up to 97.75" width x 37.5" height

STRUCTURAL MULLION

Available in 1x4, 2x4 & 2x6 sizes for 6/8 & 8/0 doors. Can be used between transom windows or sidelights where structural beams are required by code.

STAIN KIT

Contains everything you need to stain one prehung door and two sidelights or one double door unit.

- Add increased protection and durability to the life of your Plastpro Fiberglass Entry Door
- New water-based top coat is environmentally friendly and allows faster drying times
- Special formula offers long lasting vibrant colors
- Easy-to-Use for the Do-It-Yourselfer and Professional Painters
- Designed exclusively for Plastpro Fiberglass door

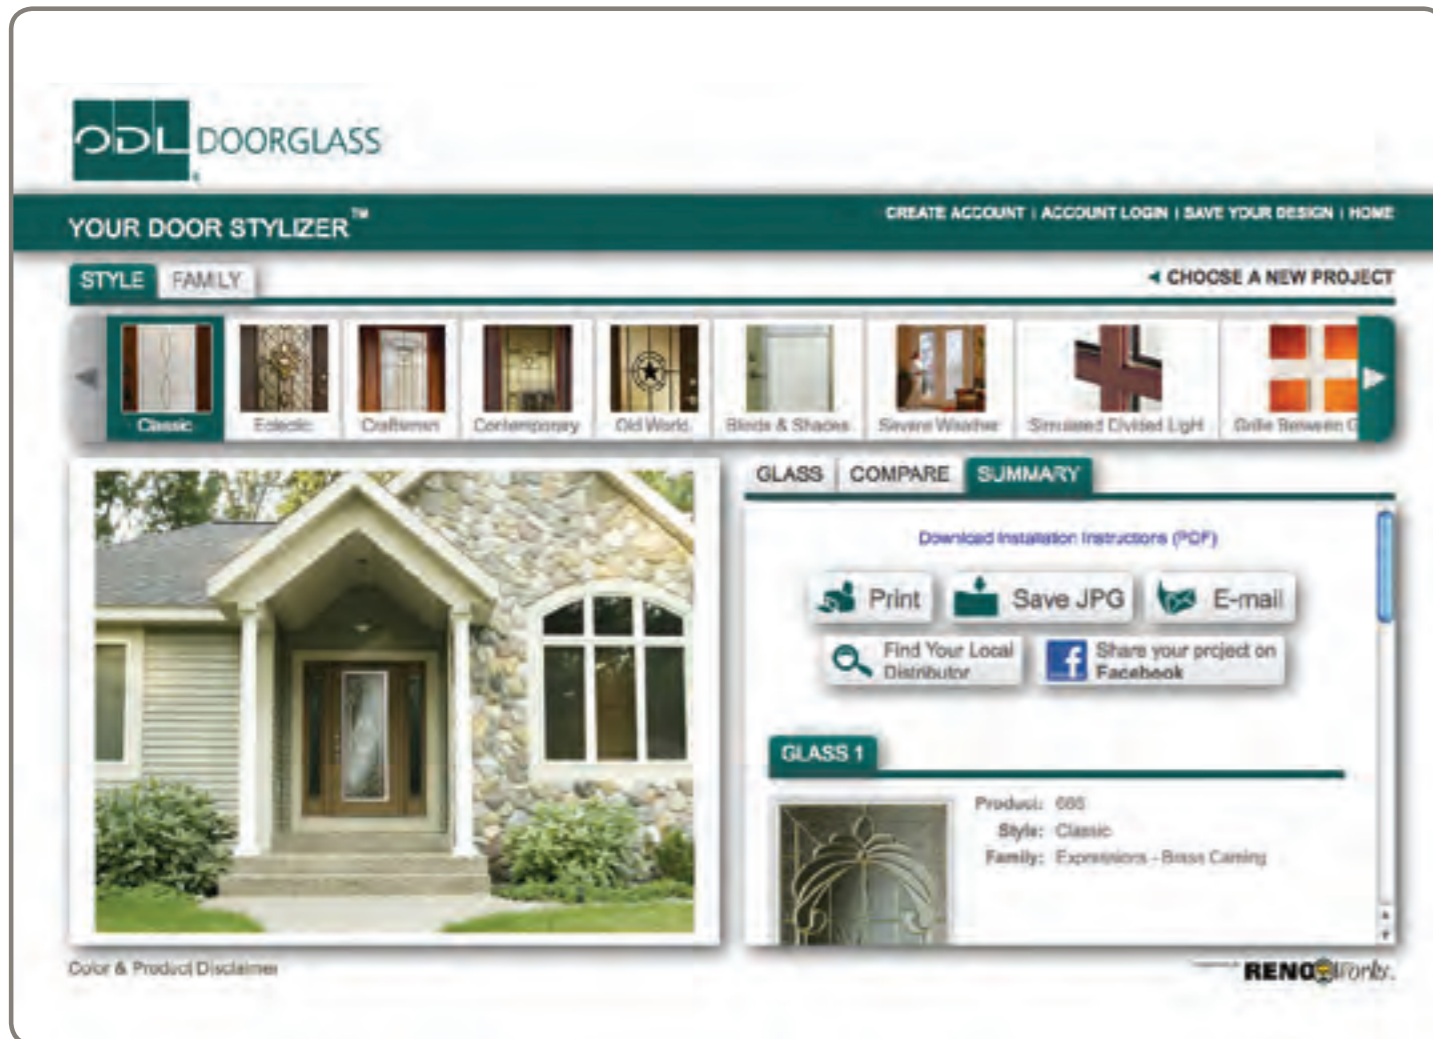

For information on how to stain a door, please visit <http://www.buildershardwareflorida.com/News/Resources.aspx>

Your Door Stylizer™

Create Your Dream Entryway!

This tool allows homeowners to visualize how various ODL® Doorglass options will look in their home entryways. YOUR DOOR STYLIZER™ uses a guided design process that helps homeowners customize their entryway by replacing glass, adding glass or replacing their door. Once the user has created their dream entryway they can save, email, share via social media or print their project to make doorglass ordering a snap.

What's Your Style?

Classic? Contemporary? Something in Between?

Find the doorglass style that suits you and your home perfectly.

UPLOAD A PHOTO OF YOUR HOME or select a sample from our gallery. Then explore, get inspired, and create the entryway that is made for your home. You can also create an account to save your photos and favorite designs.
